

CLIENT ASSURANCE PLAN STATEMENT

Inspectahire Instrument Company Ltd.'s Client Assurance Plan supports the effective implementation and continual improvement of our Quality, Health, Safety and Environmental management arrangements, helping to ensure that services are delivered safely, consistently and in accordance with applicable legal, regulatory and client requirements.

Company operations aim to assist our clients in a variety of industries and help address regulator concerns by a commitment to ongoing assurance activities, implementation of effective systems, promoting and sharing good practices.

As an SME, Inspectahire operates a proportionate and risk-based assurance framework which integrates Quality, Health, Safety and Environmental management, with risk-based thinking and continual improvement at its core.

Assurance activities include internal audits, workplace and site inspections, risk assessments, management review, monitoring of objectives and performance, incident and near-miss reporting, non-conformance and corrective action management, supplier monitoring, competence and training reviews, toolbox talks and customer feedback. Support our personnel in maintaining the competence, knowledge and awareness required to perform their duties safely and effectively

Any client who wishes more information on any specific element of our Assurance Plan or integrated QHSE system is welcome to liaise with the Quality Assurance Manager.
